

New Workshops!!

This year we have a number of new workshops. They are:

Week 1:

- **Creating Social Justice**
- **Steward Learning Series**
- **Building Strong Local Unions**

Week 2:

- **Communicating CUPE Web Design and Other Member Communications**

Each of these new workshops will bring benefits to CUPE members and locals...whether it's gaining perspective on our broader role in society as a union, or whether it's getting more practical tools to build our local unions and represent our members' interests.
